The choice for facility services and safety products
The UniFirst Facility Service System

Did you know that 80% of the dirt and grime that enters your building is tracked in on the shoes of employees and visitors? And over 70% of customers state that a poorly maintained restroom is reason enough not to patronize a business again?

UniFirst’s facility service programs help you win the battle of positive perceptions with your customers, employees, and other stakeholders. The bonus? We eliminate the hassle and expenses related to purchasing, stocking, cleaning, and maintaining supplies and inventories with our regular personalized services.

We only deliver what you need, when you need it, helping to lower your housekeeping and facility maintenance costs, and we ensure ongoing, reliable, and consistent product availability. Make the UniFirst 4-step Facility Service System your first step toward a cleaner, healthier, and safer work environment.

1 Step One  
**PREVENT**

PREVENT dirt and moisture from entering your facility with UniFirst scraper and walk-off mats. Placed at entrances, our functional matting combinations remove and capture shoe grime before it can enter the building. Then on a regular schedule, we pick up all soiled mats for professional laundering, leaving freshly cleaned mats in their place. Anti-fatigue, “wet area” flow-through, and message/logo mats are also available.

2 Step Two  
**MAINTAIN**

MAINTAIN clean floors, counters, and hard surfaces with UniFirst traditional and microfiber mops, towels, and wipers. Our floor mops and wipers are designed specifically to clean more effectively, thereby reducing labor time and costs while enhancing your business image. And our innovative microfiber cleaning products attract and hold particulates like a magnet, helping remove germs and viruses for a healthier workplace.

3 Step Three  
**EQUIP**

EQUIP your workplace with essential restroom and ancillary service products. We supply industry-leading soaps and handcare products, paper towels and toilet paper, air fresheners and trash can liners, cleaning solution dispensing services, and much more. We also provide all required portion-controlled dispensers (touch-free options available).

4 Step Four  
**SERVICE**

SERVICE, inspect, and maintain all of your facility service products and equipment. On a regular schedule, we hygienically launder all textiles, restock inventories, refill dispensers, and ensure all equipment is in proper working order. We also replace worn out items as needed. Our usage-based inventory programs allow you to pay for only the products you need, and ensure the right products are always on hand when you need them, helping create a healthier, more attractive work environment.

Our UniScraper® mats, Comfort First® anti-fatigue mats, and Comfort Plus “wet area” mats ensure a safer, cleaner, healthier, and more attractive work environment.
Capture dirt and dust particles before they spread to other areas. Place our UniFirst walk-off mats at all entrances and other routinely trafficked locations to capture dirt and moisture that may be tracked beyond the scraper mats. Our functional floor mats help lower maintenance costs and improve safety.

Great Impressions® 2.0 Walk-Off Mats
Versatile and innovative walk-off mats are produced using UniFirst's next-generation mat construction. These heavy-duty nylon tufted mats offer superior soil trapping capabilities, while our unique stay-put “hugger” backing helps improve overall safety. Absorbent surfaces trap and hold up to one gallon of water per square yard, while improved color design options enhance any décor.

Cleaning solution dispensing service

SAVE 80% or more on commercial cleaning solutions.

Our cleaning solution dispensing service delivers highly effective cleaning concentrates direct to your facility.

At the simple touch of a button, you get perfectly diluted cleaning solutions, every time. Eliminate waste, save money, and never run out of needed cleaning supplies with our easy-to-operate dispensing system and patented refills.

- Big savings compared to ready-to-use cleaners
- Modular design is easy to expand
- Simple installation and water hookup
- English/Spanish/French product labels
- Wall-mounted training guide
- Sealed refills, not a “top-off” service

Wall-Mount Dispenser
Accurately dilute and dispense two high-performance concentrates with the push of a button. Easily connect two units to create a four-product dispenser.

Portable spray/foam guns

U-Fill Sprayer
Portable spraying gun goes anywhere and allows quick and easy cleaning using properly diluted and dispensed cleaning chemicals.

99TH

U-Fill Foamer
Portable foaming gun allows quick and easy cleaning of shower rooms with effective soap scum and mineral deposit removal.

99TA

Easy-Fill Gun
Portable gun allows you to prepare correctly diluted ready-to-use cleaning solutions from super concentrates. Fill mop buckets, auto scrubbers, bottles, and more.

99SS

One Shot single-dose cleaning solutions

Enjoy the benefits of perfectly diluted commercial cleaning products in a convenient, ready-to-use concept for small-business needs. Each One Shot cartridge contains enough super concentrated cleaning power to make one quart.

1 Fill with water to fill-line.
