The choice for hospitality work apparel programs
Creating and maintaining a cohesive, branded uniform program for a diverse staff can be challenging, particularly in the hospitality industry where a variety of garments and styles are often needed to serve the distinct needs of multiple departments. That’s where UniFirst comes in.

A well-designed and managed work apparel program from UniFirst not only delivers the professional employee image you want, it can also help focus your needs, budget, and time with smart options that work for your particular line of business. Whether it’s business essentials like oxfords or polo shirts, chef or maintenance wear, or innovative food-service clothing, UniFirst’s managed uniform rental programs offer the right workwear options for employees in all areas of your business. And our large selection and variety of fabric choices will match your brand and performance needs. In addition, a managed UniFirst facility services program can help keep your workplace clean and safe, and create a healthier, more attractive work environment.
Cost-effective solutions for all of your workwear needs

UniFirst managed apparel rental programs combine expert hygienic laundering with specialized uniform services to help maintain garment functionality and enhance your professional business image.

With a value-based, professionally managed UniFirst rental program, weekly pickup and delivery means employees don’t have to worry about the cleaning and maintenance of their uniforms. Plus, our professional mending and repair services, along with garment replacements as needed, help assure that clean, maintained uniforms are always available when you need them.

You have a lot of responsibilities, so don’t let staff uniforms add to your stress. Trust UniFirst to keep your team in professional-looking uniforms that enhance your business image and allow you to focus on what you do best — delivering great service.

The products shown here are just a sampling of our comprehensive garments, gear, and facility service offerings for the hospitality industry. If you don’t see what you’re looking for, simply inquire with your UniFirst representative.

Flame Resistant (FR) apparel

Armored FR Flame Resistant (FR) work garments are made by UniFirst in ISO 9001-certified facilities to help ensure the highest quality.

Armored FR® Work Shirts
Our Armored FR work shirts are designed with a full cut back yoke to provide extra room in the body for greater ease of movement, and a longer shirttail to prevent pull-out. Banded collar for a neat, dress shirt look. Chest pocket flaps and bar-tacked pencil stall in left pocket. Made by UniFirst.

7 OZ. ULTRASOFT®
ATPV 8.7, PPE 2
Colors: Grey (03), Navy (05), Lt. Blue (09), Khaki (87)

Armored FR® Work Pants
Cut with the same comfort features as our most popular work pants, these protective FR pants feature plain front styling, and a non-roll, dress-style waistband with button for a neat look. Two front pockets and two rear welt pockets (left has button). Reinforced at all stress points. Made by UniFirst.

FR Fabric Options:

9 OZ. ULTRASOFT®
ATPV 12.4, PPE 2
Color: Navy (05), Charcoal (31)

6 OZ. NOMEX®
ATPV 5.8, PPE 1
Colors: Navy (05), Royal Blue (25), Khaki (87)

OSHA regulations require that employers bear sole responsibility for selecting the appropriate type(s) of personal protective equipment (PPE) used by its at-risk employees. Per NFPA 70E, employers should conduct a hazard risk assessment in their facility to determine potential incident levels in the event of an electrical event. This assessment should include the required garment protection level, otherwise known as arc thermal protection value (ATPV), to match with arc-rated Flame Resistant (FR) clothing.

The items shown are popular choices that address some of the most common needs. Speak to a UniFirst representative to see our full line of FR apparel with a range of PPE/protection levels, styles, etc. to help comply with safety regulations.
UniFirst’s facility service programs help you win the battle of positive perceptions with your customers, employees, and other stakeholders. We eliminate the hassle and expenses related to purchasing, stocking, laundering, and maintaining supplies with our regular personalized services.

**Floor Mats**
All of our UniFirst-made floor mats, from decorative entrance and photo/logo/message mats to nitrile rubber scrapers and “wet area” mats, are designed for commercial foot traffic and trap and hold dirt, dust, and moisture better than the alternatives. With UniFirst regularly scheduled floor mat service, all soiled mats are picked up and replaced with professionally cleaned ones.

**Wet and Dry Mops**
UniFirst mop services are designed to make cleaning easier and more economical for businesses of all sizes and traffic volumes. We take care of all the dirty work, including the laundering and regular replacement of soiled mops with fresh products.

**Microfiber Mops and Wipers**
Our advanced microfiber mops, dusters, and scrubbers are highly effective for cleaning hard surfaces. They can be used wet or dry and allow you to clean faster with less water and chemicals.

**Towels and Cloths**
UniFirst’s regular laundering and inventory management services ensure you always have fresh, high-quality cleaning cloths on hand when you need them.
Regular weekly service delivers what you need, when you need it, helping lower your housekeeping and facility maintenance costs.

**Hand Care, Soaps, and Sanitizers**
UniFirst handwashing and skin care products from GOJO® are formulated to clean, kill germs, and keep skin soft and healthy—even with frequent use—and we have environmentally friendly “green” options available too. Each product is available with our stylish dispensing systems, featuring cost-saving portion controls. Your UniFirst representative can recommend the products that will work best for you.

**Paper Towels and Toilet Paper**
To provide sustainable restroom cleanliness and hygiene solutions, UniFirst supplies TORK® paper towels and toilet paper, which carry Green Seal and ECOLOGO® certifications and are manufactured from base paper that is 100% recycled. Portion-controlled paper dispensing systems reduce waste and come in traditional and “touchless” options.

**Air Fresheners**
UniFirst offers environmentally friendly air freshener system options that neutralize odors at the molecular level, eliminating unnecessary chemical “masking” that could affect air quality. All of our odor control products meet stringent clean air standards and dispense fragrance in accordance with guidelines established by the International Fragrance Association to protect the environment and human health.

**Cleaning Solution Dispensing**
Save up to 90% in product costs when compared to purchasing ready-to-use cleaning solutions. Unlike mixing “free pour” concentrates, UniFirst’s wall dispenser system accurately dilutes and dispenses the performance cleaning solutions you need with the simple push of a button and with no wasted concentrates.

We offer a complete line of facility products and services, safety products, and PPE not shown. Just ask your UniFirst representative about other facility service options.
Trust UniFirst for image-enhancing workwear and facility services

More than 300,000 business customers in virtually every industry across North America partner with us for image-enhancing uniforms and workwear, ranging from traditional and industrial protective wear to corporate casual and executive attire. And with our cost-effective, full-service rental programs, you never have to worry about laundering, maintenance, replacements, or maintaining product inventories.

We also provide and service floorcare and restroom products including floor mats, mops, soaps, air fresheners, paper items, and more. To see all of our product and service offerings, ask your UniFirst representative for copies of our Uniform Rental and Facility Services catalogs, or visit UniFirst.com/catalogs.
