# Facility services

UniFirst's facility service programs help you win the battle of positive perceptions with your customers, employees, and other stakeholders. We eliminate the hassle and expenses related to purchasing, stocking, laundering, and maintaining supplies with our regular personalized services.

## Floor Mats

All of our UniFirst-made floor mats, from decorative entrance and photo/logo/message mats to nitrile rubber scrapers and "wet area" mats, are designed for commercial foot traffic and trap and hold dirt, dust, and moisture better than the alternatives. With UniFirst regularly scheduled floor mat service, all soiled mats are picked up and replaced with professionally cleaned ones.

## Wet and Dry Mops

UniFirst mop services are designed to make cleaning easier and more economical for businesses of all sizes and traffic volumes. We take care of all the dirty work, including the laundering and regular replacement of soiled mops with fresh products.

## Microfiber Mops and Wipers

Our advanced microfiber mops, dusters, and scrubbers are highly effective for cleaning hard surfaces. They can be used wet or dry and allow you to clean faster with less water and chemicals.

## Towels and Cloths

UniFirst's regular laundering and inventory management services ensure you always have fresh, high-quality cleaning cloths on hand when you need them. Disposable wipers also available.

Regular weekly service delivers what you need, when you need it, helping lower your housekeeping and facility maintenance costs.

### Hand Care, Soaps, and Sanitizers

UniFirst handwashing and skin care products, which include those from GOJO®, are formulated to clean, kill germs, and keep skin soft and healthy—even with frequent use—and we have environmentally friendly “green” options available too. Each product is available with our stylish dispensing systems, featuring cost-saving portion controls. Your UniFirst representative can recommend the products that will work best for you.

### Paper Towels and Toilet Paper

To provide sustainable restroom cleanliness and hygiene solutions, UniFirst supplies TORK® paper towels and toilet paper, which carry Green Seal and ECOLOGO® certifications and are manufactured from base paper that is 100% recycled. Portion-controlled paper dispensing systems reduce waste and come in traditional and “touchless” options.

### Air Fresheners

UniFirst offers environmentally friendly air freshener system options that neutralize odors at the molecular level, eliminating unnecessary chemical “masking” that could affect air quality. All of our odor control products meet stringent clean air standards and dispense fragrance in accordance with guidelines established by the International Fragrance Association to protect the environment and human health.

### Cleaning and Disinfecting Solutions

Save up to 90% or more in product costs when compared to purchasing ready-to-use cleaning and disinfecting solutions. Unlike mixing “free pour” concentrates, UniFirst’s wall dispenser and “one-shot” systems accurately dilute and dispense the high-performance solutions you need with ease and with no wasted concentrates. PURELL® Surface Sanitizer and Disinfectant Spray System also available.

We offer a complete line of facility products and services, safety products, and PPE not shown. Just ask your UniFirst representative about other facility service options.
